

# M *Castle Pines North* METROPOLITAN DISTRICT

*Providing the people, families, neighborhoods and small businesses of Castle Pines with clean, safe, reliable drinking water, renewable water, wastewater, storm water, parks and open space services in the most fiscally responsible manner, while serving as stewards of the community's water-related assets and Standard & Poor's AA and Moody's A1 bond ratings.*

— September 2013 —

## STRATEGIC RENEWABLE WATER IMPLEMENTATION PROGRAM DEVELOPMENT MEETINGS

The next step in the Metropolitan District's effort to transition the people of Castle Pines from unsustainable well water in the Denver Basin Aquifer System to renewable water requires that the District develop, refine, and adopt a comprehensive and actionable Strategic Renewable Water Implementation Program.

The Board of Directors encourages all residents and property owners to participate in each of the remaining four special meetings during which time the Board will work with its MWH Global consultant team to develop the community's new Strategic Renewable Water Implementation Program.

<b>Dates/Times:</b>	Monday, September 30, 6:00 - 8:00 p.m.
	Monday, October 7, 6:00 - 8:00 p.m.
	Monday, October 28, 6:00 - 8:00 p.m.
	Monday, November 4, 6:00 - 8:00 p.m.
<b>Location:</b>	Castle Pines North Community Center
<b>Address:</b>	7404 Yorkshire Drive, Castle Pines, CO 80108

# XERISCAPE CONTEST JUDGING THIS MONTH!

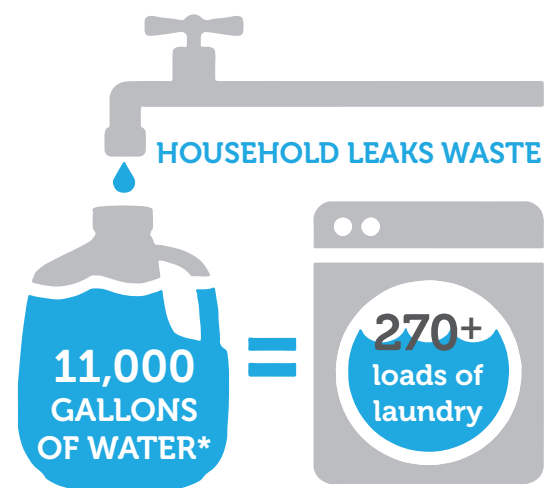

This month the caucus of master gardeners will be out and about in the neighborhood judging our first annual Xeriscape Contest. When you see them, please thank them for their service! We will announce winners later this month.

## FREE LEAK DETECTION & WATER EFFICIENCY AUDIT

You probably have at least one water leak in your sprinkler system and/or home about which you are unaware. We can help! Please call the Center for ReSource Conservation at **303-999-3820 (Ext. 217)** to schedule your free outdoor and/or indoor leak detection and water efficiency audit.

### Are you aware?

- Never put water down the drain when there may be another use for it, such as watering a plant or garden.
- Running the water while brushing your teeth wastes up to 4 gallons a minute.
